TURKISH PREPARATORY EDUCATION

The language of instruction at Cappadocia University is Turkish. During the application process, international students and those with foreign nationality are required to declare a minimum of B1 level Turkish proficiency. Cappadocia SEM TÖMER offers Turkish courses at five levels: A1, A2, B1, B2, and C1. Each course lasts 6 weeks, with a total course duration of 144 hours. At the end of each course, a proficiency exam is administered.

At Cappadocia SEM TÖMER, language instruction is not grammar-focused but rather communicative-focused, meaning Turkish will be taught in a way that allows for active use in daily life. Additionally, our center recognizes that the Turkish language is inseparable from Turkish culture and will teach Turkish integrated with cultural elements. Language instruction is based on the development of the four fundamental language skills. Our center is not a conventional classroom but a facility offering courses with a scientific academic foundation, under the assurance of Cappadocia University, for anyone wishing to learn Turkish.
